

PostPac International information by country

Delivery times, price zones and sizes

Find out more about global maximum weights, maximum sizes, delivery times and price zones for our PostPac International service.

- The average delivery times are calculated in business days (Monday to Friday). The day of posting is not included.
- Bulky goods: for some destinations, dimensions larger than the standard size of 100 × 60 × 60 cm are permitted.
A surcharge of 15 francs per parcel applies to all consignments outside the standard size.
- An example based on a maximum size of “L 150 / L+C 300”:
“L” stands for the longest side in cm. In this example, no side should be longer than 150 cm. “C” stands for the circumference, which together with the longest side may not exceed 300 cm. The circumference is 2× width plus 2× height.
